

2023 PALS

PEACE AMBASSADOR
LEADERSHIP SUMMIT

Develop your leadership, communication, and essential life and social skills through hands-on learning and engagement. Students receive invaluable college readiness tips and mentorship by participating in mock interviews with career professionals and obtaining support with college essays and applications.

Mirroring a “college life” experience, stay in dorms and participate in on campus activities and workshops that expand their ability to think critically, speak confidently, and advocate for themselves and others.
